## **NEW PRODUCTS**

### **PENTABROMOTOLUENE & TETRABROMO-p-XYLENE**

In our continuing efforts to broaden the range of relevant Brominated Flame Retardant (BFR) products in our inventory, **WELLINGTON** has added the following two native BFRs.

**Pentabromotoluene**

**2,3,5,6-Tetrabromo-p-xylene**

Very little is known about the presence of these compounds in the environment. The availability of these additional BFRs as reference standard solutions should permit scientists to achieve a more complete understanding of the impact of these lesser known BFRs on the environment.

#### **PENTABROMOTOLUENE (PBT)**

<b>Catalogue Number</b>	<b>Product (toluene solution)</b>	<b>Qty/Conc</b>
<b>PBT</b>	Pentabromotoluene	1.2 ml 50 µg/ml

#### **TETRABROMO-p-XYLENE (pTBX)**

<b>Catalogue Number</b>	<b>Product (toluene solution)</b>	<b>Qty/Conc</b>
<b>pTBX</b>	2,3,5,6-Tetrabromo-p-xylene	1.2 ml 50 µg/ml

These products are in stock and available for immediate shipping. For pricing information please contact the distributor that serves your area, or by e-mail at [info@well-labs.com](mailto:info@well-labs.com)
